organization and effective participation in competitions, events, exhibitions of creative activity;

purchase of the necessary equipment for classes with disabled children and children with special needs of psychophysical development in associations of interests of creative and sports orientation;

purchase of sound equipment for inclusive theater and vocal classes

**Target group:** children with disabilities aged 6-18 years, students with disabilities up to 31 years

#### **6. Description of the project activities:**

Purchase of equipment for classes in creative interest associations.

Organization of individual classes with children with special psychophysical development at home, on the basis of the Lida RCTDiM, children's rooms at the place of residence "Dream", "Friendship", "Our house", "Brigantine", "Titan"

Functioning of the family club, including the parent-child club "Kind Hearts" for children with features of psychophysical breakdown

Organization and holding of the round table "Peculiarities of working with children of the Federal Educational Fund in the conditions of additional education institutions" for teachers of general secondary education, additional education to determine the most optimal methods, forms and methods of working with disabled children to identify and develop their abilities, the formation of their creative potential, etc.

Charity events, music programs dedicated to the International Day of the Disabled, the Day of the Disabled of the Republic of Belarus (December 3): the festival of creativity for children with OPFR "The World of my hobbies"; the festival of creativity "Special Universe", the festive program "Uniting dreams", the creative evening "Let's warm children's hearts"

Questioning of children and parents on the degree of satisfaction with the work of additional education. Studying the interests of children (with the consent of legal representatives).

Conducting creative events for children: theater festival "Visiting"Harlequin", "Golden Turnip", karaoke evening "Karaoke battle", creative ideas fair "Creative masters", creative flash mob "IZOzhizn" (for the Day of Laughter), inclusive workshop "Art family", family exhibition of creative works "The most beloved, the most dear", etc.

Organization and holding of sports events for children: "Sports of equal opportunities", "Strong in spirit", "Merry ball", local history game "With nature on YOU!", healthy lifestyle festival "Health: from A to Z", sports and recreation event "Winter fun", sports and entertainment program "There is no friend better than Dad," etc.

Thematic excursions to cultural and historical sports facilities of the Republic of Belarus: the Belarusian State Museum of the History of the Great Patriotic War, the National Art Museum, the Republican Theater of Belarusian Drama, the Belarusian State Circus, the Sports Palace, the Dynamo Stadium, etc.

In the state educational institution "Lida District Center for Creativity of Children and Youth" (hereinafter – Lida RCTDiM), about 400 disabled children and children with special psychophysical development annually receive additional education and participate in district events and competitions, in addition, not for the first year on the basis of the Lida RCTDiM, associations of interests "Pop Singing" function, inclusive theater "Teremok".

The implementation of the project activities, the creation of the necessary conditions for the full development of the creative potential of disabled children in the institution of additional education will make it possible to qualitatively organize the free time of each of the students and significantly expand the opportunities for successful solutions to socialization, personal development and self-determination.

Lida RCTDiM needs to purchase special equipment (folding ramps, rolling ramps, head microphones, sound equipment, sports equipment) for holding interest associations of various directions, leisure, sports and other events, which will create all the necessary conditions for the social adaptation of disabled children and children with special psychophysical development. It will involve them in various leisure activities, will allow them to develop their personal potential. The attractiveness among the population will increase, which together will make it possible to increase the quantitative indicators for the coverage of disabled children receiving additional education in the region.
